more safety
more productivity

BRAND›
ENERGY & INFRASTRUCTURE SERVICES®

Your global partner for access & integrity solutions

Brand Energy & Infrastructure Services is an international full service provider of maintenance and integrity services to clients primarily in the renewable energy, petrochemical, oil and gas industrial sectors.

Our reputation for delivering the highest standards of safety, quality, service and efficiency stems from over 45 years experience working in harsh environments.

We can offer a vast portfolio of services ranging from the supply of manpower to a complete turnkey solution that includes pre-survey evaluation, technical support, project management and full site execution services.

In the offshore sector, we have comprehensive expertise in:

- › scaffolding & access solutions
- › insulation & light mechanical duties
- › painting & integrity management and rigging & rescue services

We successfully support end-customers & contractors with tailored solutions by combining global innovations with local expert delivery.

Brand Energy & Infrastructure Services is part of
BRAND SAFWAY

Unique combination of expertise & resources

Brand Energy & Infrastructure Services is part of BrandSafway, a leading global provider of access, specialised services and forming & shoring solutions to the industrial, commercial and infrastructure end markets. With more than 360 branches all over the world, we provide support for ongoing maintenance as well as for shutdowns or new build capital projects.

> **best in class safety performance**

> **specialty team of ~40,000 People**

> **30,000+ customers ... and growing**

> **~360 locations in 27 Countries**

> **revenues of nearly ~\$5b**

> **assets & equipment worth ~\$4.2b**

Services & products

Brand Energy & Infrastructure Services is determined to do whatever it takes to protect your assets, optimize performance and keep your wind turbines running. We offer Wind Services for onshore and offshore applications:

Total Access

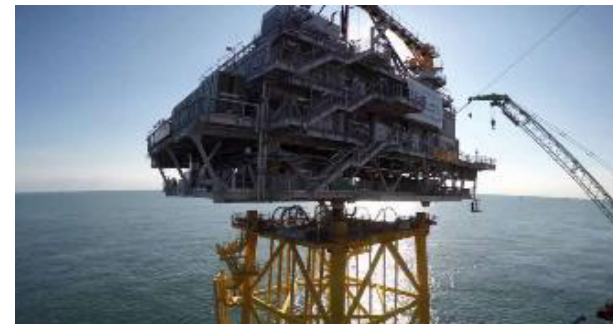

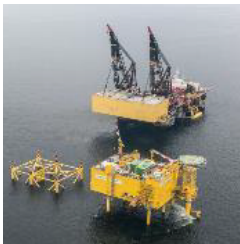

- › Suspended Platforms
- › Rope Access
- › QuikDeck®
- › Scaffolding
- › Tailor made hybrid solutions

Inspection, Maintenance & Repair

- › Wind Turbines
- › Tower & TP
- › Converter / Collector Substations
- › Fabric Maintenance
- › Rescue Teams

Offshore Substation Installation & Commissioning

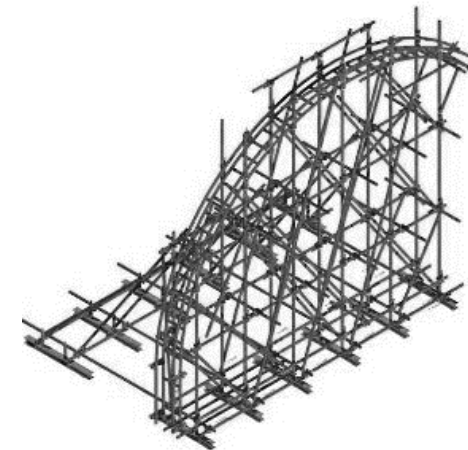

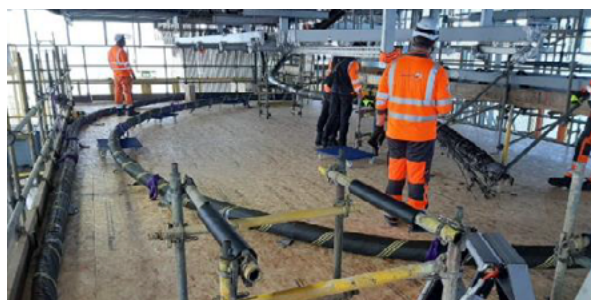

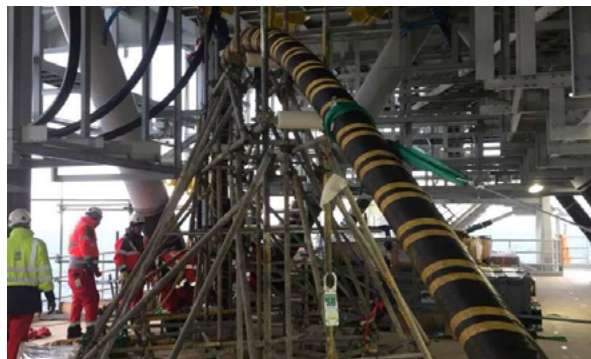

- › Full Hook Up Support Services including Total Access, Integrity and Operational Support services
- › A safe, effective and timely execution of the work through Integrated Planning and focus on your drivers such as Logistics
- › Experienced Engineers providing tailored method statements incl. technical drawings and calculations
- › Multi skilled team compositions combining work scopes: Painting, Rope Access, Scaffolding, Rigging etc.

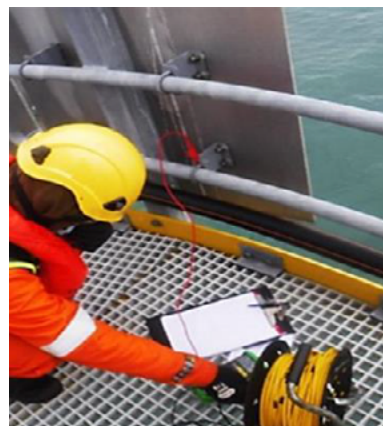

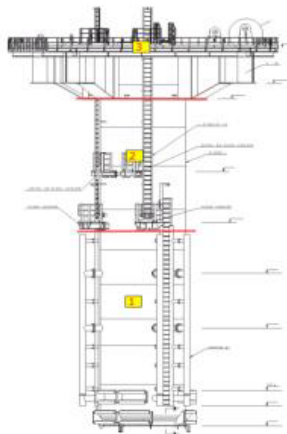

Inter-array & Export Cable Installations

- › Cable Pull in Quadrants build with Tube Lock Scaffolding supporting cable bending radius and routing on the platforms
- › Innovative modular design for a Heavy Duty Pull Frame
- › Providing support with Rigging and Cable Heating for routing
- › Supporting Cleat Instalments & Cable Tray Assemblies
- › Deck & Cable Protection measures to avoid damages and create safety barriers

Substation & Wind-Turbine Inspection, Maintenance & Repair Campaigns

- › Innovative Paint Touch up & Punchlist Campaigns
- › General Visual Inspections & Industrial Cleaning
- › Cathodic Protection, Corrosion & Wall Thickness Checks
- › Torque Checks & Replacements e.g. Bolts, Oils & Grating
- › Light Mechanical Duties & Composite Wrap Repairs
- › Autonomous Internal Corrosion Monitoring System
- › SAM® Digital Integrity Management Tool for your Assets

Specialist Integrity Software Applications
Specialist software designed for the Industrial Coating QA Process that can be applied to any asset type: Offshore, Onshore, Renewables, New Build and Maintenance.

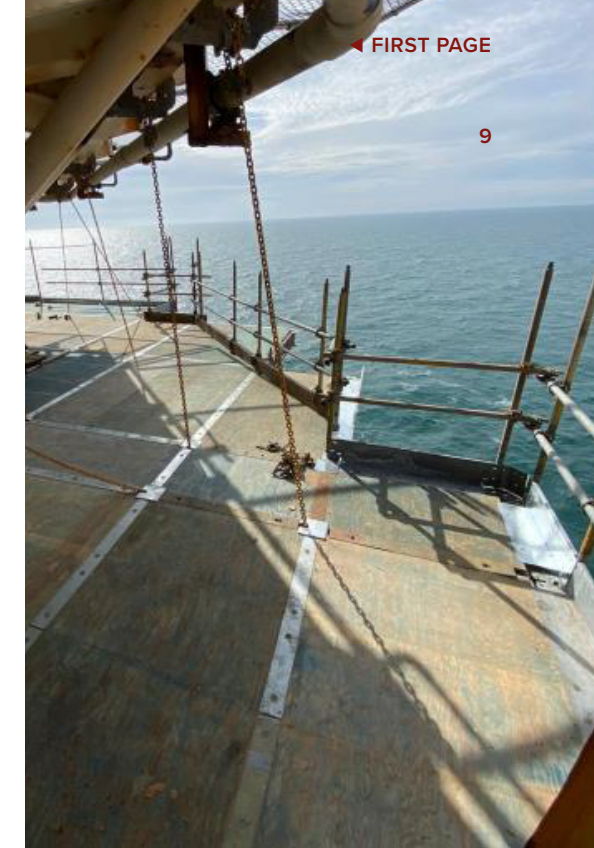

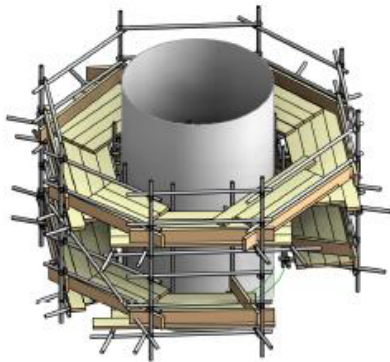

Offshore Support Locations across the North & Baltic Seas

- › Supporting clients in the European offshore wind market from various locations
- › Extensive equipment fleet available and transferred from each of the support locations
- › Flexible mobilisation of personnel and materials of > 700 offshore workers
- › Utilising company facilities and registered entities by leveraging BrandSafway's global infrastructure

Full Service & Innovative Access Solutions – Minimizing Schedules & Ease Operations

- › Total Access Strategies for Integrated Operational Planning
- › Full 3D Engineering & Modelling Capabilities
- › QuikDeck® Suspended Access: 50% more efficient than traditional
- › Tubelock Scaffolding: 30% more efficient than traditional
- › IRATA Certified Rope Access & Powered Access
- › Rigging, Confined Space Entry and Rescue Support

Why Brand for your project?

- › Extensive Offshore Experience and Proven Track Record in Offshore Renewables
- › Wide range of solutions and Resource Capacity in Labour & Equipment
- › Global Innovations combined with Local Delivery Organisations
- › Engineered & tailored solutions for all of your projects
